MONTHLY REPORT ON ACTIVITIES OF NETFISH DURING SEPTEMBER 2020

Field level training programmes could not be executed in any of the coastal states during September 2020, due to Covid-19 situation in the country. However, a few meetings/discussions by direct as well as virtual means were carried out, as an initiation to start the field level trainings. The activities performed by NETFISH during the month are briefed below.

- The 14th Annual General Body meeting was convened on 25th September 2020 through video conferencing.
- On 30th of the month, NETFISH had organized a webinar on “Issues, challenges, community mobilization, management, finance, marketing, liaison and network in the formation of FPOs”. Mr. Pardha Saradhi, Secretary, SEARCH, NGO, Andhra Pradesh delivered the talk and presentation. MPEDA Officials at RD/SRDs, NETFISH officials and member NGOs had attended the programme.
- Organized the 2nd phase of training programme to HDCs at Karnataka region as part of the Azim Premji Foundation funded project on “Understanding the Supply and Demand drivers of dried fish value chain: A study in Karnataka Coast on Dried Fish Matters”.
- Attended the webinars organized by MPEDA on fishery related topics and Covid 19 protocol.
- Arranged webinar for Harbour Data Collectors on Covid 19 protocol to the sea food sector.
- Disseminated various information and awareness messages on post-harvest loss, conservation, sustainable fishing, PMMSYschemes, MPEDA messages, MPEDA Covid 19 guidelines, animated short films on square mesh and juvenile catch, Sea safety & Navigation, fisheries related news published in local newspapers, weather information issued by fisheries department, etc. through Whatsapp to boat owners, stakeholders association and fishermen etc. in the respective fishing harbour and fish landing centre.
- Conducted inspection and survey at Processing plants and dry fish units.
- Several virtual meetings and discussions were organized with fisheries officials

and stakeholders regarding formation of clusters in fishing harbours, fishing vessel clusters, formation of FPOs, FIPs, harbour issues, status of fishing activities in each region, joint programmes with other organizations, training programme to skipper in fishing vessel, paid training programme to processing workers, methods to reduce post harvest loss, implementation of square mesh cod ends, development of dry fish activities, SC/ST fishermen projects, Turtle and mammal conservation programme, status of sliding doors in fishing vessels, etc.

Achievements

- ▶▶ NETFISH entered into an MOU with Azim Premji Foundation, a non-profit organization based at Bangalore, Karnataka, on 15th September 2020 by which support will be rendered by NETFISH in data collection and facilitation for a research project titled as “Supply and Demand Drivers of Dried Fish: A Study in Karnataka” as part of a larger project titled “Dried Fish Matters” of the Azim Premji University (APU). NETFISH will receive Rs. 1.8 lakhs by this collaborative partnership.
- ▶▶ Hygienic handling practices improved at fishing harbours of West Bengal. Now the fishermen started using poly sheets, crates and plastic baskets with adequate quantity of ice for handling and preservation of fish.
- ▶▶ In Veraval FH, due to continuous discussion with stake holders, trolley is introduced for the first time to carry fish catch from boat to market hall/booth, as an effort to reduce post-harvest loss.
- ▶▶ As a result of NETFISH regular training programme and continues discussion with association leaders, the fishermen at Verval, Mangrol, Porbandar, Ghoghla and Vanakbara FH started transporting fish directly from boat to processing plant in plastic crates with sufficient quantity of ice,so as to reduce post harvest loss.
- ▶▶ In Chorwad landing centre, Gujarat, plastic crates/boxes are being used to avoid handling of fishes on dirty floor.
- ▶▶ To implement Vessel log sheet system in Mangrol FH, The Mahavir Cooperative Society, Mangrol had printed around 2000 vessel log sheet and distributed to boat owners. The HDC at Mangrol is now collecting vessel log sheet directly from boat owners.
